

Our Mission

Avalon was established for the purpose of delivering progressive and high quality treatment for patients suffering from eating disorders.

Avalon supports the ability of each patient to recover and embrace a healthy life-style. Positive outcomes are achieved by the implementation of multidisciplinary treatments in our intensive, community based program, managed and facilitated by a team of highly skilled clinicians.

Avalon strives to promote physical well-being through emotional growth and self empowerment.

Treating Anorexia Nervosa, Bulimia Nervosa, &
Atypical Eating Disorders
